Social Media Strategy (Lumen & Pine Candle Co.)

2026-10-25

> This document shows how a virtual assistant supports Lumen & Pine Candle Co., a fictional online shop for hand-poured soy candles led by CEO Olivia Hartwell. All names, posts and details are invented for this sample.

Process Name	Last Updated	Owner	Frequency	Next Review
Social Media Strategy	2026-10-25	Jesyka, Virtual Assistant	Reviewed monthly	2027-01-25

1. The Problem

Lumen & Pine posted only when there was spare time: two or three times a month, sometimes with weeks of silence. Almost every post was a product photo with "shop now", the look changed from post to post, and writing each caption took Olivia close to an hour.

2. Goals for the Next 3 Months

- Post on Instagram three times a week, every week, with Stories on posting days
- Pin new blog posts and product photos to Pinterest five times a week
- Give followers reasons to save and share posts, not only to buy
- Send more visitors to the online shop and the weekly blog
- Support wholesale by featuring the stores that carry Lumen & Pine

3. Who We Are Talking To

Audience	Who they are	What they want from us
Cozy home lovers	Adults in the US and Canada who enjoy quiet evenings, reading and making their home feel warm	Calm, beautiful posts and simple home rituals
Gift shoppers	People looking for a thoughtful gift, especially from October to December	Clear gift ideas and easy ordering
Boutique owners	Small home and gift shops that may stock the candles	Proof that the brand is active and loved by customers

4. Content Pillars

Six pillars, each used about twice a month, so the feed mixes helpful, personal and sales posts.

Pillar	What it covers	Example
Candle Care	Tips that help customers enjoy their candles longer	"The first-burn rule"
Behind the Pour	The studio, the process and the people	"Why we pour in small batches"
Slow Living	Cozy rituals and home ideas, with candles as part of the scene	"A 10-minute evening wind-down"
Scent Stories	The story and notes behind each scent	"Meet Cedar Smoke"
Products	Launches, collections and offers	"The Holiday Collection is here"
Community	Customer photos, stockists and gift guides	"Now at Fern & Fable Home"

5. Brand Voice

We sound like	We avoid
Warm, calm and friendly, like a neighbor sharing a tip	Pushy sales language and too many exclamation points
Sensory: what a scent smells and feels like	Vague words like "amazing" or "the best ever"
Short sentences, easy to read on a phone	Long blocks of text and hashtags in the middle of a caption

6. Visual Style

- Colors: warm cream, forest green and natural wood tones, with gold only for special launches
- Type: a serif font for titles, a simple sans-serif for small text
- Photos: natural light, real home settings, pine and cedar props
- Carousels: one idea per slide, the same layout every time

7. Weekly Posting Schedule

Monday	Wednesday	Friday	Daily
Carousel: Candle Care or Slow Living	Reel or carousel: Behind the Pour	Single post: Scent Stories, Products or Community	1 Pinterest pin, plus Stories on posting days

Start by posting between 7 and 9 PM US Eastern Time. After four weeks, check Instagram Insights to see when followers are most active and adjust.

8. Hashtag Approach

Use one set of five hashtags per post, chosen by topic, and always include the brand tag **#lumenandpine**. Put hashtags at the end of the caption. The full sets are in the Hashtag Sets tab of the content calendar.

9. Monthly Workflow

Plan	Create	Approve	Schedule	Review
Fill next month's calendar by the 20th	Design graphics in Canva and write captions	Olivia reviews by the 25th	Queue posts in Meta Business Suite and Pinterest	Monthly report on the first Monday

10. What We Track Each Month

Measure	Why it matters
Reach and new followers	Are more of the right people seeing the brand?
Saves and shares	Are posts useful enough to keep and pass on?
Link clicks and profile visits	Are people moving from social media to the shop?
Orders from social media	Is social media helping sales?
